In my mind...

Issue #18 of Bull-shit Monthly, Feb, 1988, was going to be the last issue. I was going away bicycling, + I wasn't too sure about coming back. I biked to Chicago + biked back- 2000 miles- about 10 weeks. I hadn't found exactly what I was looking for, but I was making my way along those lines. 4 months hitchhiking (Nov, '88 to Mar, '89) + I still hadn't found what I was looking for. 2 months in PA (July + Aug, '89), + here I am, back in NYC. Well, that's changing, at least for a while, at best- for a long, long time.

I love NYC and I hate it. As a bike messenger, I felt like the epitome of NYC. I had to get from point A to point B, as fast as I could, and stay out of my way or I'll knock you down. That's what NYC is about, I feel. Urgency + speed.

So I'm leaving it. fuck it. These last few months, what with the zine, the band, the club + actual paying work have left me a tense wreck. July + August Go! + Bad Trip are going on a US tour, then we're coming back + I'll be here, hopefully, for not over 2 weeks, then I'm hitching to California and I'm staying there.

I'll be back. I know that. I'm not going to put my foot in my mouth again, with tearful good byes + such. But after September, if all goes as planned, it's gonna be a long, long time guys. I hope you enjoyed my zine, I hope you enjoyed the music I made. I'm sure I'll do more of both.

But life is very short. And it's just not worth all the stress.

Love to you all,
Mike Bullshit

I would say Norm crucified, but he wouldn't be able to take it.

MSR Productions - recently sent me a 7"=P by "David Hess" + it's total Aryan-White Power Bullshit. Feel free to send hate mail to:

...uctions - 1186 S. Main St. - Suite #131 - Salt Lake City, UT 84101. One country, 'tis of thee... Sweet land of nazis.

Lost 7"=P. Hindered by production- Snare + vocals a bit too loud. Not earthshaking Softer core. Liked their tape better. 4 songs, 11 minutes. No adress.

AWOL - "Vision" 7"=P. Like old Warzone-style Hc. DIY-production. The pics are kinda silly, + the lyrics aren't the most insightful, but I'd buy it. Decent. Back Again Records 40 Keats Drive New Windsor, NY 12550

Beef Trust is going to be doing some touring this summer, beginning late June or early July, and they need a band to tour with. Any interested bands, call Tyler at 203-393-3118, or 203-393-1218.

Supposedly, Oi!core Records is releasing a YDL 7"=P + a Brute Force LP. We don't know when, but....

Bad Brains have released a new live LP, lets all run out + get it. A Live LP? what a new concept! Don't forget to buy all those limited edition 7"=Ps on groovy, exploitative, gimmicky colored vinyl.

There is to a LP Hc LP coming out, but I don't know when. I think Krakdown is on it. From what I can gather...

If you choose to believe it, the Elite have been signed to Atlantic Records. Recording is pushed back until the singer gets out of jail.... Never thought it really.

Queens band needs H.C. drummer. Call Chris 6→10 PM. 718-961-7907.

Winter has recorded an LP which will probably be ~~re~~released on Future shock/New world records in May or June. It's got 6 songs + is supposed to be really long.

Beef Trust 7"=P. Snotty, competent Hc, catchy songs, melodic but with a kinda hard edge. Skene Records. PoBox 4522 St. Paul, MN 55104

Yuppicide releasing a 7"=P on Evacuate Records. PoBox 2176 Times Sq Sta - NY, NY 10108. $3.50 ppd / $5 foreign - out in June.

Also out in June on kingfish Records is the 2nd Go! 7"=P, entitled "Your Power Means Nothing." It's $3 ppd or $5 foreign. 11 songs. Go has gsn ashes.

kingfish Records (Tyler) is putting out 3-7"=Ps this Summer- Situated Chaos, Merge + Justified Violence (an old, old band). The Situated Chaos is a split label with Common Cause. Bands should send demos to: Tyler + Teasha K.F. 3709 Hempstead Tpke. Suite #108 Levittown, NY 11756.

or

Future Shock/New World 101 Alder St. W. Babylon, NY 11704.

Headache Records, from NS, is putting out the Niblick Henbane 7"=P + a new Wretched Ones 6"=P (now that should be interesting). The NH will be, reportedly, on Red, while or blue vinyl. Records are $3 each ppd to: 47 Myrtle Ave Midland Park, NJ 07432

The Manacled have broken up. I hate to say it, but if you missed it, you missed something that was just starting to take hold + writhe. It's a shame. There, I said it...

Darryl got a haircut.

Our Gang - Viewpoint Dana Songs are decent, but the sound is so bad it's almost unlistenable. It almost became a 7"=P, but I'm not too dissapointed it's not. They broke up a long time ago, anyway. No adress. No.

Product 19 are actively seeking shows. Clubs, partys, weddings, etc. Call Zack at 718-856-6316 (if not home, leave a message).

Abalienation - Short Cds Not Dope tape - Rabid thrash like old Discharge singles (SoA, most notably) - rough sounding, but it adds to it. Mashable, most assuredly. Lyrics, at times goofy, at times Punk... kinda like way old Coc maybe. Send $3 or so: PoBox 512 - Vestal, NY 13851. Cool Anti-Nazi shit.

...words - live tape - mosh ...say Massacre or Youth ...rough recording, but ... genre. c/o Eric Svirida ... forty Pkwy - Valley Stream, NY 11580 Sorry to say it's not always this way.

Speaking of Burn, they'll be recording soon for Revelation Records (I'm gonna assume it'll be a 7"=P). Don't know if what they recorded last October will ever see the light of day. Yes. GB did not break up. Relax. Happy that way.

2 songs are going on compilations

Only Living Witness demo- like Metallicca Style Hc. PoBox 1090 - Hudson, NH 03051. Courage broke up + Roger (vocals) is now singing for Upfront again. Don't think it's a permanent situation, though. Funny-situated Chaos in a car accident, but he's ok.

Manhole - new band featuring Ex-Manacled, members of Rorschach + Citizen's Arrest. Not like Anitdote.
